

Federal Tax Credit

Quality Metals certifies that the colors used are **ENERGY STAR** colors and qualify for the Federal Tax Credit program.

Here are some FACTs and information on what forms need to be filled to get your **Federal Tax Credit**

Qualified roof products reflect more of the sun's rays, which can lower roof surface temperature by up to **100°F**, decreasing the amount of heat transferred into your home.

Tax Credit Amount: 10% of the cost, up to \$500

Requirements:

"Metal roofs with appropriate pigmented coatings" that meet **ENERGY STAR** requirements.

These are the Forms you will need to fill when buying our product to get your tax credit:

- For products "[placed in service](#)" in 2011, you need to file the 2011 version of IRS **Form 5695** and submit it with your 2011 taxes (by April 15, 2012).
- The 2011 version of Form 5695 will be available in early 2012.
- Here's a copy of the [2010 version of Form 5695](#)
- The 2011 version of the IRS 1040 tax form is not yet available.
- On the [2010 version of the 1040 form](#) you entered this tax credit from Form 5695 (the residential energy tax credit) on line 52.
- Save your receipts and the [Manufacturer's Certification Statement](#) for your records.
- Submit Form 5695 with your 2011 taxes.
